

*Statistics, outside of facility counts and team members, which were updated October 2023, are based on the 2022 calendar year and do not include UnityPoint Health Community Network Hospitals.

At UnityPoint Health® we provide care throughout Iowa, western Illinois and southern Wisconsin in our hospitals, clinics and home health settings. We are dedicated to making it easier to live well.

St. Luke's Hospital

UnityPoint Health - Cedar Rapids serves a seven-county area surrounding Cedar Rapids, Iowa. Founded in 1884 as Cedar Rapids' first hospital, today it offers a wide range of services with strengths in cardiac care, obstetrics, neonatology, pediatrics, rehabilitation, behavioral health, general surgery, trauma care and senior services. St. Luke's has been ranked a Top 50 Hospital in the nation by Healthgrades, named one of the nation's 100 Top Hospital by PINC AI by Fortune nine times and also has been honored seven times as one of Becker's Hospital Review "100 Great Hospitals in America." St. Luke's is also a Magnet hospital for nursing excellence.

Jones Regional Medical Center

As a leader in community health care, UnityPoint Health - Jones Regional Medical Center (JRMC) is the only hospital in the Jones County area and cares for more than 5,500 people each month. The state-of-the-art facility specializes in 24-hour emergency care, lab and radiology, inpatient hospital visits and nursing care, outpatient surgeries and clinics, counseling, and rehabilitation.

Abbe Center for Community Mental Health *(part of AbbeHealth)*

Abbe Mental Health Center is a state-accredited community mental health center serving individuals of all ages. Services include outpatient psychiatric evaluations and medication management; individual,

family and group therapy; specialized services for children and families and intensive community-based services for adults. Professionally licensed staff are trained in a variety of best practice models of treatment to meet the diverse needs of individuals.

St. Luke's Hospital Emergency Department

Our doctors are board-certified in emergency medicine and specially-trained nurses and emergency medical technicians provide the most immediate, appropriate care. St. Luke's ER partners with the University of Iowa in the training of future ER doctors.

St. Luke's Heart and Vascular Center

St. Luke's Heart and Vascular Center leads the way in offering the new procedures, technology and research as it happens. St. Luke's offers the programs and procedures large academic medical centers offer with similar or better outcomes while keeping patients close to home.

St. Luke's Physical Medicine & Rehabilitation Unit

St. Luke's Physical Medicine and Rehabilitation (PMR) is the regional leader in inpatient and outpatient rehabilitation. Team members help patients recovering from stroke, brain or spinal cord injuries as well as other conditions needing intense rehabilitation and nursing care. St. Luke's has received recognition from CARF for over 40 years. Outpatient therapy includes four Therapy Plus locations and two Witwer Children's Therapy locations.

St. Luke's Center for Women's & Children's Health

Three out of four babies born in the Cedar Rapids area are born at St. Luke's. The Center for Women's and Children's Health offers an array of services to support mothers and babies including richly appointed private birthing suites. Families who deliver at St. Luke's have the added assurance of the area's only Level III Neonatal Intensive Care Unit (NICU) as determined by the American Academy of Pediatrics (AAP). Other hospitals transfer newborns to St. Luke's when they need specialized care.

St. Luke's Transitional Care Center

St. Luke's Transitional Care Center is specially designed to bridge the distance between a hospital setting and the place you really want to be "home." It's a recuperative and supportive place to heal following an injury, surgery or serious illness.

Our professional approach to healing includes daily, individualized therapy sessions to help patients regain the strength, stability and confidence they need to function at their best. A dedicated team of providers, nurses, social workers, physical, occupational and speech therapists, and support staff help patients manage their health, so they can focus on getting better.

With UnityPoint Clinic nurse practitioners on-site five days a week, we respond quickly to a patient's changing needs, minimize visits to the hospital, coordinate care and communicate frequently with our patient's doctors. Our short-term average length of stay is 14 days and long-term care is also available.

Foundations

St. Luke's and Jones Regional Medical Center Foundations are not-for-profit organizations committed to generating resources for the sustainability and advancement of health care in Eastern Iowa. The Foundations raise, manage and distribute funds that promote and support programs and services provided throughout the facilities of UnityPoint Health - Cedar Rapids and Jones Regional Medical Center. Thoughtful gifts of all sizes make possible advancements in medical research, state-of-the-art equipment and programs that meet the specific needs of our communities.

UnityPoint Clinic™

UnityPoint Clinic offers comprehensive services in primary care, walk-in care and specialty services. The team at UnityPoint Clinic focuses on prevention services, including wellness screenings and health education. The clinical teams are improving outcomes, lowering the number of hospital readmissions, and reducing avoidable costs associated with treating chronic conditions.

UnityPoint at HomeSM

UnityPoint at Home serves the critical role of coordinating with UnityPoint Clinic and UnityPoint Health hospitals to surround the patient with all the resources and care necessary to achieve wellness at home. Whether learning to manage a chronic disease, transitioning home from the hospital, or rehabilitating after an injury or surgery, UnityPoint at Home allows individuals to continue the level of care necessary to help restore health, well-being and independence all from the comfort of home.

UnityPoint Hospice

Facing the end-of-life can be an overwhelming and challenging time for a family and their loved one. UnityPoint Hospice is here to give families the ability to embrace life through these times and provide dignity, hope and comfort for their loved ones during their end-of-life journey. This individualized patient- and family-centered care is provided to Eastern Iowans within a 50-mile radius of Cedar Rapids. St. Luke's Inpatient Hospice unit provides end-of-life care for patients and respite for caregivers.
