

*Statistics, outside of facility counts and team members, which were updated 2023, are based on the 2022 calendar year and do not include UnityPoint Health Community Network Hospitals.

At UnityPoint Health® we provide care throughout Iowa, western Illinois and southern Wisconsin in our hospitals, clinics and home health settings. We are dedicated to making it easier to live well.

Trinity Rock Island

Trinity Rock Island opened in 1972 and serves as a level II trauma center for the area. Trinity Rock Island specializes in inpatient and outpatient procedures, heart and orthopedic services, neurology and neurosurgery, medical and surgical intensive care, occupational, physical and speech therapy, and diagnostic services. It is also home for inpatient services of the Robert Young Center for Community Mental Health.

Trinity Moline

When Trinity Moline opened in 1997, the majority of outpatient services were relocated to the campus to serve as a health care delivery model for the future. The park-like setting was designed to meet the emotional, physical and spiritual

needs of patients and their families, especially those at the Trinity Cancer Center which provides medical and radiation oncology, an infusion center and cancer support services. The Moline hospital is home to one of two Trinity BirthPlace locations and offers a level II+ neonatal special care nursery. Trinity Moline also features an emergency department, laboratory, radiology services including the Trinity Breast Health Center, ambulatory surgery, including orthopedics and robotic surgery, wound care, pain management and sleep services.

Trinity Bettendorf

In February 2004, Trinity Bettendorf opened with spacious rooms and other amenities to aid in the patient healing process. Trinity Bettendorf specializes in orthopedics and

robotic surgery, emergency services, emergency services, a Trinity BirthPlace location with a level II neonatal intensive care unit, cardiac catheterization and peripheral vascular services, medical and surgical intensive care, pain, wound and diagnostic services.

Trinity Muscatine

The integrated services available at Trinity Muscatine offer a seamless continuum of care between physician clinics, hospital and home care services. The hospital campus is home to an emergency department, orthopedic services, physician clinics, inpatient and outpatient diagnostic care and treatment, home health, public health, occupational medicine and outpatient substance disorder services.

Robert Young Center

UnityPoint Health - Robert Young Center for community mental health provides mental health and addiction services for people of every age, in any situation. Specializing in the treatment of mental health, substance use disorders, crisis services, and child and adolescent behavioral health, Robert Young Center staffs a multidisciplinary team of experienced and dedicated psychiatrists, advanced practice nurses, psychologists, counselors, and social workers. Services are conveniently located in Iowa and Illinois.

Trinity College of Nursing & Health Sciences

With a presence in the Quad Cities for more than 100 years, Trinity College of Nursing & Health Sciences has become the community leader in developing experienced and knowledgeable health professionals. Academic programs are well-respected and focus on the development of the critical thinking and practical skills necessary for entry

into today's fast-changing health care environment. The dedicated faculty and staff work closely with other area health care professionals, bringing a collaborative and holistic approach to the curriculum.

Foundations

Trinity Health Foundation and Trinity Muscatine Foundation are not-for-profit organizations committed to generating resources for the sustainability and advancement of health care. The Foundations raise, manage and distribute funds that promote and support programs and services provided throughout our communities. Thoughtful gifts of all sizes make possible advancements in medical research, state-of-the-art equipment and programs that meet the specific needs of the communities we serve.

UnityPoint Clinic®

UnityPoint Clinic offers comprehensive services in primary care, walk-in care and specialty services. The

team at UnityPoint Clinic focuses on prevention services, including wellness screenings and health education. The clinical teams are improving outcomes, lowering the number of hospital readmissions, and reducing avoidable costs associated with treating chronic conditions.

UnityPoint at HomeSM

UnityPoint at Home serves the critical role of coordinating with UnityPoint Clinic and UnityPoint Health hospitals to surround the patient with all the resources and care necessary to achieve wellness at home. Whether learning to manage a chronic disease, transitioning home from the hospital, or rehabilitating after an injury or surgery, UnityPoint at Home allows individuals to continue the level of care necessary to help restore health, well-being and independence all from the comfort of home.
