- Tara Lhatsang, West

We are excited to announce that 39 high school seniors will be attending college this fall with financial support from the UnityPoint Health – Meriter Healthcare Scholarship Program administered through Volunteer Services. This year's scholarships were made possible through your generous donations, the support of the staff at the Greenbush Garden Bistro and Dr. Joe's Coffee Clinic and UnityPoint Health – Meriter Foundation diversity initiatives to aid students planning to pursue a career in healthcare. People really are AMAZING!
