How to Complete This Iowa Power of Attorney for Health Care

Overview

The attached power of attorney for health care form is a legal document, developed to meet the legal requirements for Iowa. This document provides a way for a person to create a power of attorney for health care that will meet the basic requirements for this state.

This power of attorney for health care form allows you to appoint another person or persons to make your health care decisions if you become unable to make these decisions for yourself. The person (or persons) you appoint is your health care agent. This document gives your health care agent authority to make your decisions only when you have been determined incapable by your physician(s) to make your health care decisions. It does not give your health care agent any authority to make your financial or other business decisions.

Before completing this power of attorney for health care form, take time to read it carefully. It is also very important that you discuss your views, values, and this document with your health care agent! If you do not closely involve your health care agent and you do not make a clear plan together, your views and values may not be fully respected because they will not be understood.

If you want to document your views about future health care, but do not want to or cannot use this power of attorney for health care form, ask your health organization or attorney for advice about alternatives.

Notice to Person Making this Document:

You have the right to make decisions about your health care. No health care may be given to you over your objection; and necessary health care may not be stopped or withheld if you object.

Because your health care providers in some cases may not have had the opportunity to establish a long-term relationship with you, they are often unfamiliar with your beliefs and values and the details of your family relationships. This poses a problem if you become physically or mentally unable to make decisions about your health care.

In order to avoid this problem, you may sign this legal document to specify a person whom you would want to make health care decisions for you if you become unable to make those decisions personally. That person is known as your health care agent. You should take some time to discuss your thoughts and belief about medical treatment with the person or persons you might specify. You may state in this document any types of health care that you do or do not desire; and you may limit the authority of your health care agent. If your health care agent is unaware of your desires with respect to a particular health care decision, he or she is required to determine what would be in your best interests in making the decision.

This is an important legal document. It gives your agent broad powers to make health care decisions for you. It revokes any prior power of attorney for health care that you may have made. If you wish to change your Power of Attorney for Health Care, you may revoke this document at any time by destroying it; by directing another person to destroy it in your presence; by signing a written and dated statement; or by stating that it is revoked in the presence of two witnesses. If you revoke, you should notify your agent, your health care providers, and any other person to whom you have given a copy. If your agent is your spouse and your marriage is annulled or you are divorced after signing this document, the designation of your spouse as health care agent shall no longer be valid.

Do not sign this document unless you clearly understand it.

It is suggested that you keep the original of this document.
Part I – Appointing a person to make my health care decisions when I can’t make my own health care decisions.

If I am no longer able to make my own health care decisions, this document names the person I choose to make these choices for me. This person will be my Health Care Agent. This person will make my health care decisions when I am determined to be incapable by my physician to make health care decisions as provided under state law.

Instructions for completing this part:

When selecting someone to be your health care agent, pick someone who knows you well; whom you trust; who is willing to represent your views and values; and who is able to make difficult decisions in stressful circumstances. Often family members are good choices, but not always. Make sure that you pick someone who will closely follow what you want and will be a good advocate for you. Whatever you do, take time to discuss this document and your views with the person(s) you pick to be your agent.

Your Health Care Agent should be at least 18 years old or older and should not be your health care provider or employee of your health care provider unless they are a close relative. Space has been provided for a second and third alternative health care agent.

The person I choose as my Health Care Agent is:

Name:_________________________________________________________
Day Phone:_________________ Home/evening phone:__________________
Cell Phone:__________________ E-Mail Address:_______________________
Address:_______________________________________________________
City:________________________ State:__________ Zip:________________

If this health care agent is unable or unwilling to make these choices for me, or if my spouse is designated as my Health Care Agent and our marriage is annulled or we are divorced, then my next choice for a Health Care agent is:

Second Choice

Part III – Statement of Desires, Special Provisions, or Limitations

My Health Care Agent shall make decisions consistent with my stated desires, and is subject to any special instructions or limitations that I may list here. The following are some specific instructions for my Health Care Agent and/or physician providing my medical care. If my Health Care Agent cannot be contacted, I want the instructions below to be followed based on my common law and constitutional right to direct my own health care.

Instructions for completing this part:

You are not required to provide any written instructions or make any selections in Part III. If you choose not to provide any instructions, your health care agent will make decisions based on your oral instruction or what is considered in your best interest. If you choose not to provide any instructions, draw a line and write “no instructions” across the page.

_____ If I reach a point where efforts to prolong my life are stopped, I want medical treatments and nursing care that will make me comfortable, even if it risks my dying sooner.

Cardiopulmonary Resuscitation (CPR):

My CPR choice listed below may be reconsidered by my Health Care Agent in light of my other instructions or new medical information. If I do not want CPR attempted, my physician should be made aware of this choice. Other documents may be needed to control the actions of emergency personnel.
(Initial ONE and draw a line through the statements that you do not want.)

____ I want Cardiopulmonary Resuscitation (CPR) attempted if my heart stops.

____ I do not want CPR attempted if my heart stops.

____ I want Cardiopulmonary Resuscitation attempted unless my physician determines one of the following

- I have an incurable illness or injury and am dying; OR
- I have no reasonable chance of survival if my heart stops; OR
- I have little chance of long term survival if my heart stops and the process of resuscitation would cause significant suffering.

If I indicate that I do not want CPR attempted, this choice, in itself, will not stop emergency personnel from attempting CPR in an emergency. Emergency personnel will provide CPR unless they are aware you have an out of hospital DNR order.
